ENGINEERING SERVICE

EXPERT ENGINEERING SERVICES FOR FGSS

DongHwa engineers have the expertise to set the system up to its original standards by quick diagnosis of errors and eliminating faults on site. Through our global 24/7 technical support, our engineers can support the crew to optimize the system as quickly as possible.

SUPPLY CHAIN MANAGEMENT (SCM)

GENUINE SPARE PARTS

ENSURING LONGEVITY WITH QUALITY SPARES

Genuine spare parts are key factors for maintaining high machine availability and maximum productivity. With our spare part services for your FGSS system, you're on the sure path to higher availability. We advise you on the right spare part strategy to ensure rapid supply, helping you keep your uptime high.

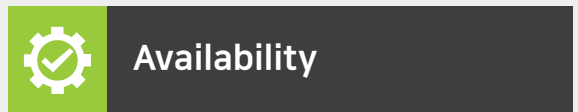

HOW YOU BENEFIT?

- ▶ Genuine/ Quality Spare Parts Supply
- ▶ Preventative Maintenance
- ▶ Dry-Dock Service
- ▶ Remote Trouble Shooting
- ▶ On-Call Repairs
- ▶ 24/7 Customer Support

WHY CHOOSE US?

DONGHWA, YOUR TRUSTED PARTNER FOR MARINE SOLUTIONS

Select the right service to reach just the level of your FGSS system availability that will help you to achieve your operation goals.

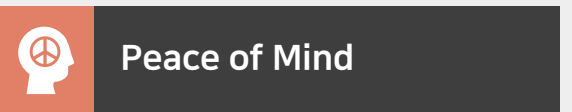

Availability

Your FGSS system availability is sometimes dependent on spare part availability. We can help with both by setting you up for a successful management of vital components.

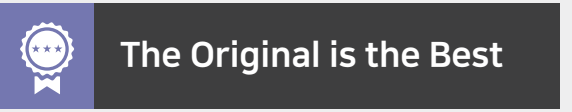

Prevent Unplanned Downtimes

Prevent unplanned downtimes with both a reliable FGSS system and an effective service contract on which you can rely on. Preventative service will keep you one step ahead of any problems.

Peace of Mind

We provide 24/7 customer support worldwide.

The Original is the Best

DongHwa spare parts always match the high quality you expect so you can rely on your FGSS system getting back to peak performance in no time.
